Important information

Itâs your responsibility to ensure that you and everyone on your booking meets all entry requirements for your holiday to Tunisia Area and for your return to the UK, which can change between booking and travel. If you donât, it might mean you canât go on holiday and face cancellation charges. Or you might be stopped coming home on your booked flight and have to pay more to make new plans. To view the latest information, login to your account and view your holiday booking. Weâve included links to essential reading to help you understand the health and entry requirements for your trip, such as the latest FCDO advice.

Contact us

If you have booked with a travel agent please speak to them to discuss or amend your holiday. If you have any issues while you're away, we want to be here for you 24/7. So, instead of having holiday reps in Sousse, our UK based On Holiday Support team will be on hand for support. All their contact details will be sent to you in an email three days before you go.

Passport

It is your responsibility to ensure that your passport is valid for your holiday and that you meet the criteria for your destination. Your passport needs to be in good condition and signed, and often valid for a minimum period beyond your trip, usually at least three or six months. It may also be required to be less than ten years old. Make sure you check the FCDO page for your destination for more details on passports, along with whether a visa is required for your trip. Our team are not able to give advice on specific visa or passport requirements.

Travel insurance

If you haven't purchased cover already, it's essential that you have travel insurance for you and everyone on your booking for your trip to Tunisia Area.

Terms and conditions

The terms and conditions applicable to your booking can be found on the easyJet holidays website. We have not accepted or agreed any deletion, amendment or addition.

Your financial protection

This is an important document. You should retain this as you will need it if your travel arrangements are protected under a scheme of financial protection and you need to make a claim. You have booked an ATOL protected flight inclusive package from us and your ATOL certificate is included at the end of this document. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong

Residents of the Isle of Man and the Channel Islands are not covered by the CAA ATOL scheme. Therefore, we have taken measures to provide insolvency protection with International Passenger Protection Limited (IPP) to safeguard the financial interests of these residents.
